Boardroom discussions

At the AGM it was suggested that some indication of items being discussed by the board could be published. Whilst two meetings have been held since the AGM the major areas for discussion have been ;

- Bookings for the coming winter. These are now all resolved with three weeks over booked & requiring ballot.
- Web page opinions are being considered with our in-house expert David Thompson
- Work Party credits, reminder that only valid for two years.

Work Party

- House committee work party (Food re-stocking, washing curtains etc.)planned for the weekend after Easter i.e. 22-25th April 2006
- Building Committee next work party planned for last weekend of April i.e. 29/30th.

If available &/or interested contact Maureen Lembke (lembkefamily@optusnet.com.au) or Andrew Brooks - (andbrooks@hotmail.com) respectively.

Work-parties are essential for the up-keep of the lodge, and as a means of socialising with your fellow members. We encourage all members to attend work-parties rather than leaving it to just a few, and we also remind student members that to be eligible for full membership you must have attended at least one work-party. A further benefit is that attendance entitles you to a "work-party credit", i.e. one night on a work party equals one free night's accommodation on another occasion – just a reminder, only valid for two years.

Water Meters

We are now on water meters, so please be mindful of excessive water usage. Costs are yet to be determined.

Important: Ski Tube Luggage Restrictions

Please remember from previous years that the ski tube has luggage restrictions during peak hours. This means that from 8am to 10am, Bullocks Flat to Perisher Valley, there is NO luggage permitted except skis, bootbags, snowboards and hand held day-use packs. The same applies 3.30pm to 4.42pm Perisher to Bullocks Flat. These restrictions will apply on all Fridays, Saturdays and Sundays from early July until late August. Please time your arrival and departure carefully to avoid long and unnecessary delays.
